#### **4. Report of the special committee on tax rulings and other measures similar in nature or effect**

This first meeting of the TAXE Special Committee after the summer recess will be devoted to an exchange of views on the TAXE draft report by E. Ferreira and M. Theurer, which was finalised and circulated to Members on 24 July, following the Committee's preparatory and fact finding works carried out in the first semester of the year.

All linguistic versions are included in the meeting dossier and available under the following link: <http://www.europarl.europa.eu/committees/en/taxe/draft-reports.html#>

In line with the Committee's mandate, the draft report addresses, among other things, the following issues:

- tax rulings and other corporate tax avoidance practices in the Member States,
- legislation and measures at national and European level to prevent or eliminate harmful tax practices within the internal market, including EU state aid investigations,
- international dimension, including no or low tax and secrecy jurisdictions as well as the impact of harmful tax practices on developing countries.

After a presentation by the co-Rapporteurs, a first exchange of views on the draft report will take place between TAXE Members, ahead of the deadline for amendments which is set on 22 September.
